

Diagnostic Imaging Center of New Orleans (DISNOLA) selects Secant Healthcare for large PACS migration solution.

Chicago, Illinois – January 15, 2016 – Diagnostic Imaging Center of New Orleans (DISNOLA) has tapped Secant Healthcare to migrate their two legacy picture archiving and communication systems (PACS) to a new Novarad PACS.

Secant Healthcare aims to implement an effective migration and data healing solution that runs in conjunction with current daily operations.

We are pleased to deliver an enterprise-wide data migration solution without impacting daily operations at DISNOLA,” said Secant Healthcare co-founder/managing partner Marwan Baya. “We aim to deliver end-to-end solutions that do not burden the IT staff at an imaging center like DISNOLA.”
